If permitted in the Funds prospectuses, a shareholder may exchange shares between any of the funds in the same share class underwritten by Integrity Funds Distributor, LLC at net asset value, subject to these conditions: (1) The length of time of the investment will be carried forward to the Fund. (2) If you paid a front-end sales charge, no contingent deferred sales charge will be imposed in the event you redeem any or all of your shares. (3) If the original fund is subject to a contingent deferred sales charge, the charge will be carried forward into the Fund and will be applied in the event you redeem any or all of your shares.

Each exchange involves the redemption of fund shares to be exchanged and the purchase of shares in the new fund. As a result, any gain or loss on the redemption of fund shares exchanged is reportable on the shareholder's federal income tax return. The exchange privilege may be changed or discontinued upon 60 days' written notice to shareholders and is available only to shareholders in states where such exchanges may be legally made. A shareholder considering an exchange should obtain and read the prospectus of the Fund and consider the differences between it and the fund whose shares he/she owns before making an exchange.
